Dear Anne,

I just received a call from Panda Paul, that he had contacted Head Start parents and that they had informed him they are busy or not interested in going to Juneau for the Alaska Head Start Association's Annual conference in Juneau.

Only if you have not found anyone, I would like to get involved.

I need to get back into helping the communities needs and am interested on how going to Juneau would help the Association. I write notes of all meetings ,formal or not, anddo inform everyone of all facts. Parents will be informed in meeting that are held here.I will inform you if anything comes up,

Thank you for your time,

Eleanor Rose Moore
