

If I sent you this letter in error Please forward to the right person.

To whom it may concern:

I know the deadline has passed but here is my letter: I am interested in representing our Dillingham Headstart community. I have been a past, present and hopefully future parent for over four years. I have always been as actively involved in my children's education in and out of school as much as I can. When New Stuyahok didn't have an open seat for Triston I brought him to school and sat with him so that he would have a chance to get a headstart. And he did. Kyra enjoyed headstart so much. Thanks to Headstart she loves school. Macrina is on her second year of Headstart. Godwilling, she will attend Headstart one more year after this. I sometimes tell people that she is going to get her master's degree in preschool. She asks everyday "Mom, do I have school tomorrow?". I am proud of my children. The twins have two more years to be eligible. I can't wait! I did attend the Juneau trip once and it was an awesome experience. I think that I would be a good candidate just because I have been a Headstart parent for a long time. I would be able to bring back what I did and learned at the conference and share it the best I can. Please consider my interest.

Thank you,

Thresa Askoak
